No matter how steamy your bathroom, our optional defoggers will keep your mirror crystal clear by warming the back of the mirror glass. Choose the size and shape that best suits your mirror. We offer 3 different shapes/sizes to make your MirrorVue truly unique. You can install up to 4 defoggers on your MirrorVue and safely power them by 12VDC which can be controlled separately or together with your light switch. So turn up the heat and watch the fog on your mirror disappear in seconds!
