

IR-30 Repeater

Control up to 4 devices from your bathroom, or anywhere you want.

The Evervue IR-30 Repeater allows you to connect a Satellite Box, Decoder Box, DVD player and Blue Ray Player to your bathroom TV. Access the same functionalities as a regular TV while concealing all your extra devices.

Product Information

- The Evervue IR-30 Repeater can control up to four devices.
- Conveniently connect your home entertainment devices located in another room to your bathroom TV.
- Now you can watch HD movies, access all your favorite channels, and enjoy the full potential of your Evervue TV and MirrorVue without the safety concern of placing these items in your bathroom.

How It Works

- The IR-30 Repeater will receive a signal (to up 32 feet) from your favorite home entertainment device and transmits it to your bathroom Evervue TV and MirrorVue TV.

(The IR repeater complete set includes a main receiver, 4 transmitters, and a USB power supply)
